Persona 1: The Busy High School Student

- Emily Carter
- Age: 16 · High school student
- Emily wants to get good grades but often feels overwhelmed by homework, tests, and activities after school.
- Goals:
  - - Finish homework on time.
  - - Improve her grades.
  - - Have more time for friends and hobbies.
- Challenges
  - - Has several assignments due on the same day.
  - - Sometimes forgets important deadlines.
  - - Finds it difficult to decide what to study first.
- How StudySmart AI would help her
  - - Creates a study schedule based on her assignments and deadlines.
  - - Helps her organize homework by priority.
  - - Sends reminders about upcoming tests and assignments.

Emily's quote: "I have so much homework that I don't even know where to start. I wish I had a better way to organize everything."

Persona 2: The Student Who Struggles with Difficult Subjects

- Jason Miller
- Age: 15 · High school student
- Jason works hard in school but sometimes struggles to understand subjects such as math and science.
- Goals
  - - Understand lessons more clearly.
  - - Feel more confident in class.
  - - Improve his test scores.
- Challenges
  - - Sometimes doesn’t not understand the teacher’s explanation.
  - - Feels nervous about asking questions in class.
  - - Needs extra practice before tests.
- How StudySmart AI would help him
  - - Explains difficult topics in simple language.
  - - Provides step-by-step guidance for homework problems.
  - - Creates practice quizzes from his notes to help him prepare for tests.

Jason's quote: “Sometimes I read the same lesson over and over, but it still doesn't make sense. I need someone to explain it in a simpler way."

Persona 3: The Independent and Motivated Student

- Sophia Johnson
- Age: 17 · High school student
- Sophia enjoys learning and wants to prepare for important exams. She likes studying independently but wants to make her study time more effective.
- Goals
  - - Prepare well for exams.
  - - Remember important information.
  - - Study more efficiently and become more independent.
- Challenges
  - - Sometimes spends too much time reviewing easy topics.
  - - Finds it difficult to know which topics she needs to practice more.
  - - Needs more practice questions before exams.
- How StudySmart AI would help her
  - - Generates quizzes from class notes.
  - - Helps identify topics she should review through practice results.
  - - Builds personalized study plans around upcoming exams.

Sophia's quote: "I want to study smarter, not just longer. I need a way to focus on what I don't understand yet."
